

Advanced Placement (AP®)
Audit & Authorizations
2020 - 2021

AP® Biology
AP® Calculus
AP® Chemistry
AP® Computer Science A
AP® English Literature & Composition
AP® French
AP® Spanish
AP® U.S. History

Dear Jeff Murphy:

Congratulations! Your Biology course for the 2020 - 2021 academic year at EdOptions Academy has demonstrated that it meets the curricular expectations colleges and universities have for AP Biology.

Below is information for online/distance course providers at accredited and non-accredited organizations.

AP Course Ledger

The AP Course Ledger serves as an official record of appropriately accredited secondary schools and/or those sanctioned by their state education agency that are authorized to use the AP[®] designation on student transcripts, in course catalogs, and on school websites.

For accredited organizations, as defined by their recognized ability to issue school transcripts and diplomas, eligible AP courses will be listed on the AP Course Ledger under that organization's respective name.

For non-accredited organizations, eligible AP courses will need to be selected by an accredited secondary school from their AP Course Audit account to be listed in the AP Course Ledger along with your organization's name. Courses not selected by an accredited secondary school will not appear in the AP Course Ledger and will be turned off after January 31. As such, you should work proactively with schools that offer this course to ensure they add the course and your organization to their official record of AP course offerings for the 2020 - 2021 academic year in the AP Course Audit website.

Thank you for your continued participation in the AP Course Audit.

Sincerely,

Trevor Packer
Senior Vice President
Advanced Placement Program

Dear Kim Hefty:

Congratulations! Your Calculus AB course for the 2020 - 2021 academic year at EdOptions Academy has demonstrated that it meets the curricular expectations colleges and universities have for AP Calculus AB.

Below is information for online/distance course providers at accredited and non-accredited organizations.
