The Board shall not provide individual transportation for students enrolled in home education programs who participate in the district’s extracurricular activities or interscholastic athletic programs. When the district provides transportation to and from an away competition, game, event or exhibition and requires district students to use district transportation, home education students shall be required to use the transportation provided by the district.

Students attending home education programs shall be given an equal opportunity to compete for positions and participate in district extracurricular activities and interscholastic athletic programs.[6][7][8]

A home education student may participate in extracurricular activities and interscholastic athletic programs only at the school building the student would be assigned to if the student was enrolled in the district.

Prior to trying-out or joining an activity, a home education student shall submit required documents and written verification of eligibility to the building principal or designee. **Verification may include, but not be limited to, attendance records, weekly grades or academic achievement or other documents demonstrating completion of eligibility criteria.**[1]

To be considered in attendance in accordance with Board policy, the home education student must participate in a full, normally scheduled academic program, in accordance with the planned home education program and submitted documentation.[5][9]

1. Be a resident of the district.
2. Meet the required eligibility criteria.[3][4]
