Purpose

Buildings, fields, and other facilities in the Springfield School District (“District”) may have District-owned land designated as parking areas adjacent to or near them. Vehicles using District parking facilities shall adhere to rules as set forth in this policy.

People using District parking facilities must follow all state and federal traffic laws and may use these parking facilities as directed by the District in this policy.

The District may require and charge a fee for parking permits at specific locations during specific times, portions of the day, or for regular users of certain lots, such as student parking at the high school.

The District has the right to assess fines (in the form of tickets or other media) to illegally parked vehicles on District property. Owners of ticketed vehicles that do not pay their fines or drivers who are not following designated safety procedures at drop off may be barred temporarily or permanently from parking in District parking areas. Repeat or extended offending vehicles may be towed by the District at the owner’s expense.

Vehicles of parties attending District events and using District parking facilities are to be removed from the parking area within two (2) hours of the conclusion of the event.

Vehicles not owned or leased by the District are not to be parked in District parking areas outside of school hours or event times without express written permission of the Executive Director of Operations of the District. Overnight (between the hours of 10 PM and 5 AM) parking of vehicles in District parking areas, unless for a special District event, is prohibited.

Additional regulations and guidelines on parking in District areas will be developed and updated as needed by the Executive Director of Operations or designee.
