

## MODIFICATIONS TO SENIOR SCHEDULE STRUCTURE 2024-2025 SY

PLEASE READ CAREFULLY

Starting with the Class of 2025, the master schedule will be modified to provide seniors with multiple course scheduling options.

<p><b><u>Traditional</u></b> <b><u>7 Period Day</u></b></p> <p>Ideal for seniors who will be looking to maximize AP and Honors Level Courses</p> <p>Affords flexibility</p>	<p><b><u>New Fall/Spring</u></b> <b><u>Block Format</u></b></p> <p>Modified schedule where seniors take <b>two</b> block courses in the <b>fall</b> and <b>two</b> block courses in the <b>spring</b></p> <p>Schedule is book-ended with 1 or 2 Periods</p>	<p><b><u>New Block/Period</u></b> <b><u>Hybrid Model</u></b></p> <p>Seniors can take any combination of block and periods that best fits their course needs and graduation requirements</p>
---	---	---

This new format introduces courses that will be taught in what is referred to as a Block Format which is a double period in our traditional 7-Period Day and will meet for 102 min. This new model will provide seniors more of a college feel to their course structure, allow for more rigor to prepare them for the style of courses they will take at the post-secondary level, and creates flexibility within their schedule to provide more unique and personalized scheduling options such as work-study experiences, internships, apprenticeships, dual enrollment, and/or employment for students who may be looking at options other than college for their post-secondary goals.

Seniors will still be able to follow the traditional 7-Period model, and this will accommodate students who look to take multiple AP courses or specialized or unique course offerings that are more ideal in a year-long format.

The Block Schedule Option is diagramed below:

CLASS	FALL TERM	SPRING TERM
Period 1	Traditional 0.5 Credit Elective Each Term or Year Long 1.0 Credit Course	
Study Period		
Block 1 During Periods 2-4	Block Course ELA, MATH, or 1.0 Credit Elective	Block Course ELA, MATH, or 1.0 Credit Elective
Lunch	Senior Lunch	
Block 2 During Periods 5-6	Block Course ELA, MATH, or 1.0 Credit Elective	Block Course ELA, MATH, or 1.0 Credit Elective
Study Period		
Period 7	Traditional 0.5 Credit Elective Each Term or Year Long 1.0 Credit Course	

- On this model, seniors can be enrolled in up to 6 credits but must take a minimum of 5 credits. Many seniors are in good credit standing and can flex their schedule to allow for a late arrival or early dismissal while fulfilling graduation requirements and taking course of interest.
- Periods 1 and 7 align with the Regular Period Schedule and allow for traditional 0.5 credit semester or 1.0 credit yearlong course, like Band, Orchestra, Choir, or support classes.
- Study Period - This model has built in 25–30-minute study periods.
- Block Cours Options
  - Block Courses are ELA, Math and 1.0 credit courses of elevated rigor. Many current courses fit this model and we are creating new courses around student interest.
  - Course shaded this tone in the course listing are possible Block Courses.
- This model also has a Senior Only Lunch

Another schedule option for seniors allows them to take courses in different formats to best accommodate course needs while also allowing for some flexibility in course programming. In this model, seniors can take three block courses and combinations of semester or year-long period courses.

CLASS	FALL TERM	SPRING TERM	
Period 1	Traditional 0.5 Credit Elective Each Term or Year Long 1.0 Credit Course		
Study Period
