

# The Clever Portal

A single hub for students and teachers—  
now with access to *all* of their learning applications

The Clever Portal puts learning at teachers' and students' fingertips. Each student and teacher gets a personalized and customized portal with single sign-on to every learning application they use—even those who don't yet roster with Clever.

Students spend time learning—not searching for applications or remembering passwords.

## Comprehensive

Secure logins for all of your applications, even ones specific to your district

## Personalized

Students' portals are easy to customize, with apps enabled just for them

## Innovative

Up-to-the-minute technology for young learners, native Chromebook logins, and more

“Central Unified uses the Clever Portal every day. This resource saves hours of time for teachers and students and makes it easy!”

— Jason Horsman, Director of Instructional Technology  
Central Unified School District
