SHS Master Plan

Continuing the Conversation

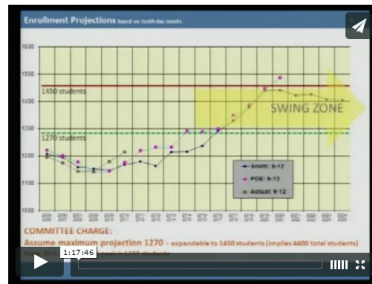

The Springfield School District is continuing its research into and discussion of the Springfield High School Master Plan. To listen to the latest in the conversation, please watch footage from the School Board Meeting held May 22, 2014, or page through the accompanying master plan presented by the Facilities Committee. Links to both items are available below. The Board of School Directors and the Facilities Committee are developing a series of town hall meetings to discuss the High School Master Plan with the Springfield and Morton Communities; a calendar of the scheduled meetings and topics to be discussed will be posted once the dates are finalized.
