### Procedures:

**A. Monitoring.** The Springfield School District reserves the right to log, monitor, and review Internet, email, and other network use of each user. This logging, monitoring, and reviewing may be conducted without cause and without notice. Each user of a district's computer by the use thereof agrees and consents to such logging, monitoring, and reviewing and acknowledges that he/she has no right or expectation of confidentiality or privacy with respect to Internet, email, or other network usage. Network storage areas may be treated like school lockers. Network administrators may review student files and communications to maintain system integrity and ensure that students are using the system only for appropriate purposes. Users should expect that files stored on the district's servers or computers will not be private. The district does maintain archives of all email messages for a minimum of five years.

**B. Filter.** The Springfield School District will employ the use of an Internet filter (the "Filter") as a technology protection measure pursuant to the Children's Internet Protection Act; blocking shall be applied to visual depictions of materials deemed obscene or child pornography or to any material deemed harmful to minors. The Filter may not be disabled for use by students or other minors for any reason.

### **Section III**

#### **A. Student and Parent Agreements**

**Student:** I understand, accept, and will abide by the Springfield School District's Internet Access, Email, and Network Resources Acceptable Use Policy. I further understand that any violation of this AUP is unethical and may constitute a criminal offense. I understand that use of the Internet and access to E Mail is a privilege and not a right.

I agree that I have no expectation of privacy and no right to privacy when I use the district's computers; I acknowledge that all aspects of my use of the district's computers is subject to monitoring and review without cause and without notice; and I consent to the monitoring and review of all aspects of my use of the district's computers.

I understand that any violation or inappropriate conduct may result in termination of my access privileges, other disciplinary action, and/or legal action. I understand that the Springfield School District makes no assurances of any kind, whether express or implied, regarding any Internet or email services. I further understand that the use of any information obtained via the Internet and/or email is at my own risk; that the district specifically disclaims responsibility for the accuracy or quality of such information; and that the district is not and will not be responsible for any damage or loss which I suffer.

**Parent:** As a parent/guardian of an SSD student, I acknowledge that I received and understand the District's Internet Access, Email and Network Resources Acceptable Use Policy and the District's Internet, Email and Network Access Agreement that applies to my child. I understand that Internet and email access is designed for educational and instructional purposes and that the district will discourage access to inappropriate and objectionable material and communications.

I recognize it is impossible for Springfield School District to prevent access to all inappropriate and objectionable material, and I will not hold the district responsible for materials acquired or contacts made through the Internet or email. I understand that a variety of inappropriate and objectionable materials are available through the Internet and email and that it may be possible for my child to access these materials if he or she chooses to behave irresponsibly. I also understand that it is possible for undesirable or ill-intended individuals to communicate with my child over the Internet and email; that there is no practical means for the district to prevent this from happening; and that my child must take responsibility to avoid such communications if they are initiated. While I authorize the district to monitor and review all communications to or from my child on the Internet and email, I recognize that it is not possible for the district to monitor and review all such communications.

I have determined that the benefits of my child having access to the Internet and email outweigh potential risks. I understand that any conduct by my child that is in conflict with these responsibilities is inappropriate, and that such behavior may result in the termination of access, disciplinary action, and/or legal action.

I have reviewed these responsibilities with my child, and I hereby grant permission to the Springfield School District to provide my child with Internet and email access. I agree to compensate the district for any expenses or costs it incurs as a result of my child's violation of the Internet Access and Email Acceptable Use Policy or its administrative procedures; and I further agree that I will not hold the district responsible for any matter arising by reason of or relating to (a) my child's violation of the District's Internet Access, Email, and Network Resources Acceptable Use Policy or (b) any materials acquired by my child, or contracts made by or to my child, through the Internet or email.
